An integration of pop, acoustic, and folk-rock, with thoughtful and inspiring lyrics. 4 MP3 Songs FOLK: Folk-Rock, POP: Pop Details: Growing up in Atlanta with two musically inclined parents, Michael Sechrist was introduced, at a young age, to the expansive talents of The Jayhawks, The Waterboys, R.E.M., The Rolling Stones, Jackson Browne, and many others. Today at 20, Sechrist, still living in Atlanta, is on the verge of releasing his first full-band EP, produced and engineered by Paul Reeves of DOMUS Studios. Being blessed with many talented artists to work on the project [Chris Farney (Nathan Angelo, Matt Wertz), Micah Dalton, and Jeremy Ezell (Wilson Empire)] "Still I Believe" is sure to impress those who listen in. The new CD is crafted out of a place of brokenness, with a hope in a better and brighter future. Sechrist opens up and lets the listener in to his world, and it is sure worth the time to sit, listen, and relate. "The whole experience was exciting, yet tiring", recalls Sechrist as he thinks back on recording in the studio. "I enjoyed working with Paul and the other very talented artists who gave time and energy to (this) project." Out in Mid-April, "Still I Believe" will be available at the various shows Sechrist will be playing at, and soon enough it will be downloadable on CD Baby and iTunes. Thanks for listening and keep checking back to the page for more music from the CD, new shows, photos, and blogs. People who are interested in Bob Dylan Ben Lee Brett Dennen should consider this download. Tags: pop
