

Mp3 Moulin Noir - The White Room

[DOWNLOAD HERE](#)

They have been active on the Swedish synthpop scene for many years, mixing modern sounds with classic new wave elements. 15 MP3 Songs ELECTRONIC: Pop Crossover, POP: New Wave Details: Moulin Noir has been active on the Swedish synthpop/new wave scene for many years, but this album serves as the perfect introduction to the broader market. "The White Room" serves up a great variety of synthpop styles, ranging from hard-hitting dark synthpop to trance-influenced tracks, to classic new wave/new romantic styles that remind the listener of the 80's pioneers like Gary Numan, Ultravox, etc. One fan said: This guy has a great voice with an incredible range. The music fits well in the new romantic vein of the early 80's, but carries more of a modern edge.
