Heartfelt country folk songs with edgy vocals and gospel overtones, written to inspire 10 MP3 Songs  
GOSPEL: Country Gospel, FOLK: Power-folk Details: 195 years old next birthday, so I've had to colour my hair so that I look my age or I'd be mistaken for 27. Most important person in my life: it's a man, but I'm not gay; He is very old and incredibly wise, very caring and He is alive even though He died once some years ago; Can't say exactly what He looks like, but He is extremely powerful and has my utmost respect; He says He died to pay for me, to pay for my sins so that I don't have to pay. Yes, you've guessed it: He is Jesus Christ. As for me, I'm just doing my best to follow Him. I work in a legal office where I try and make processes run better; also have an interest in a local transport business. Been writing songs for years, mostly ballads, stories and some protests. My first CD "Restoration" is shortly to be followed up with "Emergence", mix of ballads and light rock. "The Amphibious Seven" - comes up on Google - it's my first published book: very bizarre story, includes an aspiring flying crocodile and a philosophising one! I love playing football; have a crazy sense of humour. I'm married (93 years!); 2 daughters - very young 17 and 14. Dog Holly is 2 - she's also mad! Love being around youngsters; was one once :)
