4 young musicians playing acoustic music straight from the heart. 9 MP3 Songs POP: Pop, ROCK: Soft Rock Show all album songs: Plane Ink Songs Details: Russell Williamson - Lead vocals, Guitar, Piano Matt Curley - Vocals, Guitar Bob Nisco - Drumset Christian Teixeira - Auxillary Percussion Since 2001 Russ and Matt have been playing in bands together, but never has it been very serious. Then, in November 2006, Russ and Matt, being only sophomores in high school, decided to get down to musical business and start to play the music they love. This music includes rich vocals with heart-throbbing harmonies, smooth acoustic and electric guitar, melodies filled with well-structured piano chords, and drums with wide ranged dynamics and rhythmic balance. In 2007, drums were added to the mix, which was originally just two acoustic guitars, a piano, and some vocals. Bob, playing the drumset, and Christian, playing the djembe and other auxillary percussion instruments, brought the filling to this band known as Plane Ink. They began playing shows and gaining a following in Connecticut which is still expanding (with some fans in Europe and across the United States) every day. About Plane Ink - Self Titled CD: The CD was recorded over the summer of 2007 for several weeks. It was done on an iMac G5 using Garageband. The equipment used was a Samson C01U Condenser Microphone, a Taylor 414CE Acoustic Guitar, a Gibson Les Paul Classic Electric Guitar, a Fender Special Edition Custom Telecaster Spalted Maple HH Electric Guitar, a Pearl Export Drumset with Zildjian A Custom Sabian Cymbals Evans heads, and a Roland F-50 Digital Piano. The CD was released on August 7th, 2007 for \$10.00 and is still for sale. Tags: pop
