Debut EP from England's Spacehotel, fusing dark indie rock with catchy electronic pop. 3 MP3 Songs  
POP: Pop/Rock, ROCK: Adult Alternative Pop/Rock Details: Spacehotel was formed in 2000. Created by and consisting of one man, Coventry, England born Paul Timson previously of obscure indie band 'Outsider' (1995-1999) who'd released a few low key EPs, albums and played some small live shows. Paul writes, produces, sings and performs all songs by Spacehotel. Spacehotel is mildly influenced by Paul's earliest musical memories of late 70s rock and pop such as ELO, T.Rex, The Bee Gees, The Police and Queen and then even more by British bands in the early 80s especially Duran Duran. Britpop bands like Blur, Supergrass and Pulp and sounds of the mid/late 90s like Mansun were the defining influences for Spacehotel. Other less obvious influences come from a variety of genres and include wildly different artists like Jean Michel Jarre, AIR, Kate Bush and The Beloved. The songs of Spacehotel are part fiction and part reality. Some songs are almost autobiographical while others are pure flights of fantasy. Strong melody and catchy hooks are always on the agenda but there is also brooding melancholy and introspective moments to be found. Spacehotel sounds like Duran Duran fighting with Blur while being refereed by Mansun's Paul Draper onboard The Electric Light Orchestra's spaceship. People who are interested in Duran Duran Mansun The Killers should consider this download.
