Experimental Pop 12 MP3 Songs POP: Quirky, ELECTRONIC: Experimental Details: Formed in 1999 from the charred remains of two relatively obscure Washington-area groups (townies, smart went crazy), the Caribbean re-located to CD proper before taking a correspondence course degree in pillbox hat design from the Bissinger College of Reflexology (Altoona, PA). They continue to commute, send e-mails, Fedex zip discs and argue about counter-melody, song titles and the death penalty.
