

Mp3 Tim Ronan - Tally Downs Road

[DOWNLOAD HERE](#)

Funny Funky Folksy Blues 8 MP3 Songs in this album (38:29) ! Related styles: FOLK: Modern Folk, BLUES: Dirty Blues People who are interested in Van Morrison Stevie Ray Vaughan should consider this download. Details: Tim Ronan is what happens when John McDermott collides with Pink Floyd a little slide, a little shred, a little boogie and a symphony of sound from six thundering strings combined with lyrics that make you wish you could relive that first time in the back seat of a Chevy with the radio on full blast! Tim was raised in the bayou back of Tottenham, Ontario, but never quite grew up, and whether hes straddling the stick of a Cessna in his day job as a pilot, or riding up the neck of a guitar, Tims having funand hes determined that his audience is part of the ride. The loudest and rowdiest pub audiences northwest of Toronto have been his teachers. Busking on the streets of Australia, New Zealand and Israel cradled him to the art of seducing the unsuspecting ear. Tim Ronan has a poem, a promise, and a chord to raise your heart, and a little hell, on the road to every musical heaven. Tally Downs Road is Tim's debut album, which allowed him to show the world his range of talent. From farm living to Irish pubs to the night of your prom, Tally Downs Road will strike a note in everyone's heart because they have been there too.
