Millennia after the skills of starship rigging have been lost, can Seth Perland find the key to rediscovery on the world of the mysterious sea people, the Nale'nid? Seas of Ernathe was Jeffrey A. Carver's first novel, and the first full-length tale of what was to become his popular Star Rigger Universe. Set farthest into the future of all the Star Rigger stories, Seas of Ernathe sets the stage for a new cycle of history. A touching story of love and personal discovery, it leads the way to the rediscovery of the mode of star travel that once knit galactic civilization together.
