Did You Know That You Are Probably Sabotaging Your Entire Business Using Outmoded SEO Techniques? If you are not new to SEO, then you will benefit from what I have to tell you about how business has changed and what you absolutely need to do to get your business back on a solid footing. Stop wasting your time wondering what went wrong! I will tell you all about it and how to fix it in SEO and Relationship Building for Local Businesses. And if you are NEW to the website building and online promotion business I have something very important to mention right here and right now! The fact is that most of the ebooks about SEO and starting an online business are obsolete in terms of the information they contain, yet the self styled internet gurus that write these books still can make money on them. Most of the information out there about SEO and starting up websites is completely stale! It is unbelievable to me just how much has changed and how much information is stale when it comes to learning how to apply search engine optimization techniques (SEO) to your websites. The learning curve presented to you in SEO and Relationship Building for Local Businesses is really valuable to you if you want to make money by building your website RIGHT in the first place! My book can also help you build that website the

right way, the first time, so you do not have to do anything over again like many of our colleagues have had to in the last couple of years. If you are a newbie, you are in a very fortunate position, as you will have the solid advice contained in this eBook. This book is not going to teach you how to design or build a web site, as doing so is almost ludicrously easy these days. Instead, I am going to teach you the fundamentals of what a web site is and how you can make sure that it achieves the things that should be able to for your business.
