Cilla's Master Katherine Kingston Longtime divorcee Charles and recently widowed Cilla have been friends for years. They play together and put on BDSM demonstrations at the club they both frequent. But when their feelings for each other heat up to match the fiery sexual chemistry they generate, other issues come between them. Cilla knows Charles wants a full-time relationship, but having been married to a control freak once, she's wary of allowing another man that much power over her, especially another who plays the Master role in the BDSM scene. Cilla wants a family and a safer relationship with a man who'll be her partner and lover, not a full-time Master. She challenges Charles to prove his love transcends their play. Can he leave the Master at the club and give Cilla what she needs?
