Creating Confident Kids Although nobody gets a parenting manual or bible in the delivery room, it is our duty as parents to try to make our kids as well rounded, happy and confident as possible. It is a lot easier to bring up great kids than it is to try and fix problems caused by bad parenting, when our kids have become adults. Our children are all individuals they are not our property but people in their own right. Too many people have children for the wrong reasons they want someone to love them or they want to live on through their kids. Children deserve respect and must be allowed to become their own person. They are not mini versions of their parents well at least they shouldnt be.
