The Money Is In The List! The above catch phrase still is and always will be the cornerstone belief of email marketing. It is one of those Golden Rules of being an internet marketer - non-negotiable, reliable and a take it to the bank kind of truth. If you can add names to your e-mail marketing list, you have the ability to send those people information about your products or services. Some of those people will buy, hence the money is in the list. Teaching you how to create a list that is an investment is the intention of Email Magician Marketing. In my own particular, no nonsense been there done that tone I will teach you everything you need to know about developing your own money making email list in an ethical way including - You'll quickly discover: Why it is not a good idea to be greedy and have a list that is too large. What is the best email software to use so that you do not get in trouble for spamming. Where to find customers who want to hear from you. How to catch prospects by getting them to willingly give you their email list. Why all auto responders are not created equal! How to avoid angering your ISP when you send out mass emails. Where to get the best email subscription forms for your website. How to lure your customers into giving you their email using incentives. How to automate your email sending process so

that each and every subscriber is followed up with a welcome and some kind of invitation. Why consistency is important once you start emailing your prospects and customers. Why you need to think big when you first set up your auto responders. What is a squeeze page and what can they be used for? How to drive targeted traffic to your website. How to commission and offer your readers a free report. How to create powerful and compelling landing pages that will make anyone who visits your site want to subscribe to it. All about video landing pages and how to create one. How to create a double opt-in list to protect yourself against spam complaints. How to integrate your email marketing efforts with the trendy principles of Web 2.0 How to build relationships with people using your email auto responder so that they will feel more connected to you, more trusting of you and more willing to buy what you have to sell. This is the most concise and yet thorough book of professional secrets about developing an email list that is available today...
