ELECTRONIC: Virtual Orchestra, ELECTRONIC: Soundscapes Details: Inner peace concerto is actually a Piano concerto, composed for Piano and orchestra by Cyrille on the Kurzweil 2600 synthesizer. Cyrille is performing every part to create a modern electronic orchestra. In this music, symbolising the "yin" energy, Verdeaux returns to the musical themes he has mined in the past with Clearlight Symphony but with an expanded musical and harmonic palette. A second version of this music, the "yang" version, featuring ensemble players and soloists from around the world, including Didier Malherbe, Shaun Guerin (RIP) and Richard Hardy has been released on the new Clearlight Orchestra CD, "The Infinite Symphony". People who are interested in Mike Oldfield Vangelis Rick Wakeman should consider this download.
