Inspirational positive music that will make you feel strong in a volatile world. 10 MP3 Songs POP: Today's Top 40, GOSPEL: Contemporary Gospel Details: The two Steve's have been performing/writing together for over 10 years. Over the past 2 years, they've formed Eden's Calling and have written/recorded a collection of songs (CD titled "Lesson 1") that are both inspirational lyrically and exciting musically - a rare combination. As if by fate, the duo came upon Saul Zonana through a mutual musician colleague, who enthusiastically agreed to produce the CD "Lesson 1". Saul, who's worked with the Crash Test Dummies, the Spin Doctors, and who's an industry agreed-upon producer-on-the-rise, had just completed co-producing a project with legendary guitarist/songwriter/producer Adrian Belew (of King Crimson, who produced Grammy Award winning 'Jars of Clay', one of Eden's Calling's influences). Eden's Calling blends intense rhythms, life's lessons and slick pop vocals to create a unique sound that appeals to wide audiences. Eden's Calling is currently implementing a promotional campaign and live concert bookings are being scheduled.
