Roads in our own words- Recorded over the course of a week at Saber Sound Systems, Roads was our attempt to capture the essence of the Damaged Goods thing. Just acoustic guitars Toms harmonica and our voices. The songs are reflective of where we were in our lives, inspired by the people we knew, many of whom often loyally attended our shows. They also reflect the times and the events that changed us. We attempted to honor the time and the people, and the music they inspired in a way that was true to who we were and the way that we played. At the request of the many of the people who remain our friends and family, we are releasing Roads. To our many loyal fans, we say thank you. To those of you who are hearing Roads for the first time, we hope you enjoy listening to it as much as we enjoyed making it. For in the end, it has always been the music that matters. -Fred and Tom People who are interested in Bruce Springsteen Neil Young Jerry Garcia should consider this download.
