Details: John and Susan, fondly known as "the evil twins"...two Gemini twins separated at birth by 7 years...and different parents, are back again with all new music! This album draws heavily on their Irish/Celtic roots more than ever. Because of this, the album has been picked up by Irish/Celtic radio shows and has been heard in both the NJ and Boston/Cape area. The music is varied and fun! It features the hammered dulcimer, guitars, celtic harp, synthesizers and adds two new and unique sounding instruments; the mandocello and the cittern. John and Susan have also included two songs in memory of all the innocents lost in 9/11 and in honor of the strength of the people of NYC. If you like hammered dulcimer, you will get a big surprise out of 2 songs that are REALLY a new approach to the instrument! This is their best album yet. No pun intended.
