This is album will make you PARTY or THUG IT 8 MP3 Songs HIP HOP/RAP: West Coast Rap, NEW AGE: New Age Details: This album was made only to be voiced to the public as watch out. IT GETS BETTER. Chris K-spittaHodges is one to watch out for his music will sell for decades and more, coming from an area where achieving is not known. East Saint Louis, IL is a city fill with streets of gangbangers and drug dealers. So what else should he write about? Music was K-spitta only way to voice his thoughts and feeling to the world without screaming in the middle of the street. Having done songs with 2 legends really let the streets know he is the one. Charlie Wilson from the Gap Band was more than happy to do a song with K-spitta, George Clinton did a few overlays on another song. Shows where next in his life, he had to be heard. Now his name rings bells from HARLEM, BRONX and QUEENS, NY all the way to LA California. So in 2004 it was time to MOVE SOMETHING. K-spitta told local reporters that this is not my best work just songs to let the world know he rap and was good at it. He has made front page plenty of times in more than 5 states .
