Symphonic Melodic Hard Rock fronted by powerful female vocalist with emphasis on strong songwriting and arrangement. 11 MP3 Songs ROCK: Hard Rock, ROCK: Progressive Rock Details: The new studio masterpiece from legendary L.A. symphonic rock diva Lana Lane features 11 all new audiophile recordings of both originals and select covers set in a moody and atmospheric style with lush arrangements featuring both acoustic and electric instruments. Contributing musicians form a league of gentlemen virtuosos: drummer Gregg Bissonette (David Lee Roth, Steve Vai, Joe Satriani, ELO, etc.), guitarists Neil Citron, Mark McCrite (Rocket Scientists), and Peer Verschuren (Erik Norlander's Music Machine), Don Schiff on NS/Stick, David Schiff on woodwinds (flute, oboe, sax) and of course keyboardist wizard Erik Norlander. The arrangement style of Winter Sessions is not unlike many of the classic 70s productions from Supertramp, ELO and The Alan Parsons Project where acoustic instruments and spacious room sounds intermingle with electric guitars and synthesizers in a series of audiophile wonders.
