The musical style of lyrical harmonic loops of life lessons for today's youth and young adults with hopes of sparking the brain of right versus wrong with an old school twist. 10 MP3 Songs HIP HOP/RAP: Spiritual Rap Details: I was born on December 18, 1970, in Miami Florida, to Lenora and Gus Dorsey. I started performing at the age of 2 in my living room with a mister microphone and the furniture as my audience. I later played the drums in the church and sang in the church choir. My first big performance was at the Savannah Civic Center in 1986, but I knew something was missing. I later toured in Germany (1992) and Korea (1999) and had a very successful run, but I knew something was missing. As you can see I have been making music since I was knee high to a duck; However, I have recently decided to only make music that is inspirational to the young and old soul and promote THE GOSPEL OF JESUS CHRIST. I spent many years writing and performing music that was inappropriate. During this time of rebellion, I battled with good and evil over the type of music I wanted to play. One day my soul hit rock bottom and the devil lost the battle. As African Americans, I personally feel that we, as a people, have abandoned our culture and spiritual connection with God for the bling bling. My music is not meant to preach but to teach that Jesus can help and that he is the answer for the world today. I hope you enjoy this CD because -IT IS SINCERELY FROM MY HEART-. After making this CD, I now no longer feel like something is missing.
