Fun electro-pop with soft and catchy melodies. 4 MP3 Songs POP: Pop, ELECTRONIC: Electro Details: Marl©n was born August 27th, 1985 in Santo Domingo. She is a singer/songwriter/pianist who has been a part of the Dominican rock scene since 2000, with the currently inactive band Daze, where she was lead vocals. With her main goal being music, she goes to Berklee College of Music to develop her musicianship studying Music Therapy. Her interest and passion for songwriting lead her to become a solo act in 2007. Her first two singles "My Way" and "I Know" dominated the first place in the Local Charts of the X102 radio station, for 7 and 10 weeks each. These singles were #1 not only on the local charts, but also on the General Top 30 Countdown of the station, turning Marl©n into the writer and performer for 2 of the 3 only local songs to ever reach this spot. Currently she is in Boston. Her debut EP "My Way" contains 4 songs, including the previous hits. Her music filled with emotion and melancholy, combines live and sequenced elements, in an electro/pop style. Being one of the few solo female artists of the Dominican Republic, we can surely expect great things from her. People who are interested in Dido Imogen Heap should consider this download. Tags: pop
