Their sound is undetermined by them and simply left for the public to enduce and determine. Ranging from styles and similarities compared to bands, such as III Nino and Trust Company, this band is definitely not held back by the common stereotyping of 7 MP3 Songs ROCK: Progressive Rock, METAL: Alternative Metal Details: Sifting through many various changes in the five member band, Mercury Bullet has gathered what was missing, for the final completion of what we see and hear today. Headed by frontman Matt Cantu, whose influences range from various artists, displays enough heart and energy through his voice and words to get any person in the crowd pumped. Guitarist Andrew Beasley and Andrew Recendez place there talents through heavy shreds and catchy hooks that seem to find their way into anyones head, ears, and heart. Jeremiah Dasalla, drum extraordinaire, lets his heavy influences of Killswitch Engage drive his stamina above brinks when it comes to live performances. And last but not least, the humble hearted Luke Gerosa closes the deal with his catchy bass lines and heavy progressions. Mercury Bullet has been around for quite some time now and is one of those bands that will be around for even longer.
