Beethoven composed the Piano Quintet for himself and the Septet for the Viennese public to display his talents in a tough market, succeeding to such a great extent that they embraced him, as do these fully realized performances. 9 MP3 Songs CLASSICAL: Beethoven, CLASSICAL: Chamber Music Show all album songs: Ludwig van Beethoven Songs Details: Ludwig van Beethoven Beethoven was a supremely well-informed virtuoso of the piano. In his Quintet in E-Flat, Opus 16, the hallmarks of his best work are present in abundance: lyricism, good tunes beautifully ornamented and varied, mastery of form, consummate use of dynamics and a panoply of rewarding music for each instrumentalist. With the Septet in E-Flat, Beethoven abandons the march. Otherwise the movements are the same six perfected by Mozart. Beethoven's success in winning his patron's affection with this piece was so great that the work eclipsed everything else he wrote through the end of his lifetime, a source of much regret for the composer. The popular appeal and musical mastery of Beethoven's work are finely captured in these recordings. Artists: Meg Bachman Vas, piano Matthew Dine, oboe David Krakauer, clarinet A.
