If Joni Mitchell and Richard Thompson had a love child who grew up wanting to star on Broadway, he'd write songs like this. 11 MP3 Songs POP: Quirky, FOLK: Folk-Jazz Details: Paul Henry S. began playing guitar and writing songs around age 10. He started playing out in the 1970s folk venues in the Boston area at the age of 14. After getting a degree in ethnomusicology at Wesleyan University he joined many many fellow musicians in dropping out of a couple of music schools (Berklee The New England Conservatory) to become a computer dude with a paying job. Working studio and tech industry jobs in the 80s and 90s, Paul released two albums, Bittersweet and Neurotic Cabaret, then took a lengthy sabbatical from performing while raising four daughters. Paul is writing and recording again, and hopes the return to music will give him a decent excuse to get out of the house once in a while... People who are interested in James Taylor Fred Astaire Richard Thompson should consider this download.
