Raw old school hip hop with new flava. A combination of west coast beats and east coast experience. 10 MP3 Songs HIP HOP/RAP: Hip Hop, HIP HOP/RAP: Rap Details: Already stirring an underground buzz on both coasts, hip-hop artist Tippy is quickly becoming one of the most unique and exuberant artists to emerge in recent years. With her raw old school sound, a combination of west coast beats and east coast experience, Tippy has made it no secret that she plans to take the world by storm. Of course, such pomposity is nothing new in the world of music, but never before has such a candidate made such a mark. Standing at 5'3", Tippys diminutive frame and pale, punk rock aesthetic hides a surprisingly compelling hip-hop artist. Tippy transforms herself on stage, emanating an intoxicating sensuality, as daring and contagious as her music itself. Seducing her audience with a lyricism that seesaws between vulnerability and sexual voracity, sweet flirtation and unabashed craving, its no wonder Tippy has built such a solid following with her recounts of Cali streets, late rendezvous, and good love gone bad. As heard on TV her most recent work includes producing tracks for The 2006 Winter Olympics, and up and coming R&B artist Cri. With her full length album out now, she's already starting production on a brand new secret project.
