

Superquantic Culture Consciousness - Gebhard Deissler

[DOWNLOAD HERE](#)

If we meditate on Eternity and on the Word we enter a dimension of consciousness which transcends relative consciousness; personal and cultural consciousness. It seems as if we were touching upon a dimension which truly is not of this world, while we are in this world. The word is that by which according to the scriptures everything has been made. God himself is the Word. The Creative Spirit of God from which everything emanates is furthermore eternal, while everything else is subject to time. The four or five words in the sentence above convey one and the same principle, namely the absolute source of life and everlasting eternal word of God which is ultimately unknowable. The quadruple reinforcement of the Verb provides access to the highest dimension in man, the dimension of the word which is beyond human language.
