Simple Mistake That Landed My Affiliate Link Page At The Top Of The World's #1 Search Engine ...

Absolutely Free!" See \*exactly\* how it happened in this rare public confession ... CERTIFIED

STATEMENT: "I affirm that on October 7, 2002 I personally witnessed Mark Idzik's affiliate links in the #1 position on Google, Yahoo and AOL. I still can't believe it! This has got to be the most amazing thing I've seen in 6 years online." OK, I admit it. I wasn't trying to get a "top" search engine position. Truth is, I just wanted to sell more of my new software, Affiliate Profit Guard. So I created several affiliate link pages of my own to demonstrate how it worked. What happened next shocked me. Let me explain. Common Problem, Hidden Reward Several months back I noticed that my affiliate commission checks were

starting to dip. After poking around, I realized that some of my links were being hijacked. People were chopping off the affiliate code in my links and sometimes even replacing it with their own! And it wasn't just happening to me. Several of my friends and well known Internet marketers had also discovered that upwards of 30 of their affiliate commissions were being stolen too! Based on my programming background, I figured out a way to protect my affiliate links and my commissions started going back up. Then I packaged the solution as an easy to use software application called Affiliate Profit Guard. A Search Engine Miracle? Remember those sample affiliate link pages that I created to demonstrate Affiliate Profit Guard? Something amazing happened: My link pages jumped to the #1 spot at Google, Yahoo and AOL in less than three weeks! I'm still in shock. Naturally skeptical, I checked it again: #1! Then I checked another affiliate link: #2 and #3 -- in all three search engines! That's what this powerful little ebook is all about. Highly Targeted Traffic -- Free! Inside the "Embarrassingly Simple Way", you'll discover exactly what I did, step-by-step, nothing is left out. Just peek over my shoulder and start grabbing your own top positions ... without spending a dime on pay-per-clicks or search engine optimization. It's simple and takes just 10 minutes to complete. How Much? It's worth at least the \$299 it costs to get listed in Yahoo! But order now, and this "Embarrassingly Simple Way" is yours for only \$17.00.
