Afro-pop/Reaggae and a dash of R&B, with a sharp edge. 12 MP3 Songs WORLD: Reggae, WORLD: African Details: The new CD, Liberian Libation is the result of an internal search deep in to my musical core. I am presenting songs on this CD that is influenced by everything I heard growing up in Monrovia, Liberia. Also I have applied what I learn from my 1st CD "Do you Feel Me?" This time the music is more organic, I took a live Afro-pop band (The Moga Band) based out of Providence, RI into the studio. The result is Magical. You only have to listen to this CD once, and you are hooked. The music on this CD easily crosses over, with out losing it's world music vibe. You are invited to this musical ritual, this is my offering, this is my LIBATION, Enjoy, Nabesia!
