Dorian's End is an anomaly of introspective proportions. This is suspenseful rock music with a flair for the unexpected. Dorians End has been compared to the likes of alternative rock of the early 90s, injected with a 70s psychedelia. 13 MP3 Songs ROCK: Progressive Rock, ROCK: Modern Rock Details: Dorian's End congealed out of a dark alleyway approximately 4 years ago when lead man Mike Bonadio clumsily stepped into a puddle of primal ooze, giving him superhuman powers. This odd but fortunate incident also endowed him with the ever-longing desire to make great music for all the people who were never fortunate enough to step into such lipid sludge. Dorians End while maintaining an "alternative/rock" feel, definitely explores the dynamics, and tones of the musical spectrum that make it a completely unique act. Turning away from trends, and the current musical denominations, Dorians End preserves its musical integrity in hopes to bring back true musicianship to todays music. The future of music is uncertain, but in todays monotony of regurgitated musical concepts, Dorians End hopes to have people rocking once again. Listen to Dorian's End when you're happy,sad,angry,when you need self resolve, or a dreamy sense of astral traveling. The Dorian's End realm encompasses many feelings and emotions that are sure to relate to even the frailest beast.
