Details: ABOUT THE ARTIST Embark Sunway is the artistic name for the composer Kiril Kirilov. It is during his childhood when his gift for composing music first starts to shine. His music is a mixture of different styles, such as jazz and classic music, yet, it is electronic music that had its greatest influence upon his enchanted sound. Along with electronic icons such as Vangelis, Jean-Michel Jarre and Mike Oldfield, other classic composers such as Bach, Chaikovsky, and Mozart inspired Sunways music. Most of all, it is his love for nature that breeds his divine talent and enthuses his first album, titled The Sunflower. The Sunflower is the debut album of the composer Embark Sunway. His style is a beautiful mix of electronic music with other music styles such as jazz, ambient and classic. The album, a part and titled after his quatrology The Sunflower, is a story of a flower that never looks in the dark. It is an inspiring peace of music revealing the unequivocal quest for life, hope, and happiness in life. As a dedication to nature, it is an album unearthing the lost relationship between the human soul and the surrounding natural environment. MUSIC QUOTES This is a VERY nice easy listening, with a slightly different beat that makes you feel right at the edge of wanting to move. Electronic/Dance is how it is classified. If you like a snappy easy beat you'll love Embark Sunway. His album The Sunflower ranges from exercises in electronic minimalism to tracks weaving funky bass lines sprinkled with notes of rising string instruments. There is a soul, a backbone if you will, to the production. - AMAdea Records, BULGARIA
