pop songs from the heart, soul and funny bone. 14 MP3 Songs POP: Pop, ROCK: Classic Rock Details: Like many songwriters, it was the Beatles that lit a fire in me to sing, play music and eventually to make music. The Beatles taught me that it's okay to "write outside of the lines." Bruce Springsteen taught me it's okay to bare your soul in a song. Others will relate to whatever you're going through. I wrote the songs on this CD over the course of many years and they cover a wide variety of topics, from serious to silly. My dad pointed out that, for me, the songs are sort of a musical photo album which chronicles points in my life. Thank you for checking my songs out! I hope you enjoy them. Most of them were recorded in my buddy Todd's basement but the sound quality will surprise you! Some reviews: "Greg is probably the best unknown songwriter in America today." --Greg's Dad "Clearly, Greg will give the Beatles a run for their money." --Greg's Mom "I have no doubt that Greg will win a buttload of Grammy's for his songs." --Greg's Girlfriend "We regret to inform you that Rolling Stone does not accept unsolicited CDs for review." --Rolling Stone People who are interested in The Beatles should consider this download.
