Is this the perfect recording? Many radio program directors think so! Radio pros, who listen to hundreds of new CDs a year, are using superlatives such as "masterpiece" and "perfection" to describe Norman's "WITH LOVE". Celebrated artist Jane Norman and Grammy Award-winning arranger Richard Rome transport listeners to a new musical dimension, while paying tribute to two of the "greats" in American Music: Frank Sinatra and Judy Garland. Why an album of Sinatra and Garland songs? Jane comments, "Nobody sings Sinatra's and Garland's 'signature' songs better than they...but we felt that new, contemporary interpretations of some of their songs (done with swinging brass and lush strings by 47 of the country's finest musicians) would put a fresh spin on familiar standards. Why not a zany, playful, knock-your-socks-off rendition of 'The Trolley Song' or a Latin 'I Get a Kick Out of You' or an ultra-sexy 'You Made Me Love You'." This is a tribute album of sheer devotion and joy, and critics believe it has the magic and staying power to be one of the truly great classics! Some "WITH LOVE" Reviews- "This CD is as close to perfection as any I've ever heard." -Lou Powers, WBCB radio "My senses have now been stimulated to the extreme... listening to Jane's new CD 'WITH LOVE'! It's the perfect match between artist and arranger. Every one of the songs shines with the beauty of Jane's voice. She is one of the few who can take a song...be it contemporary, smooth jazz or evergreens from the Great American Songbook, and make it sound like it's HER song. And her phrasing is perfect, interpreting each song with emotion and devotion. Just listen to the lead-off of 'You Made Me Love You.' Need I say more? This CD is a real winner! #1 with a star." -Jim Stone-Big Band Swing-WLNZ radio

"Great CD!!!! I enjoyed every track. Great arrangements, great voice, great backup!" -Chris Nielsen, NPR radio "I thank God for such great singers as Jane Norman. What impeccable style! On 'WITH LOVE', there are 12 of the best songs ever recorded by an artist, and the songs are sung sensationally by this giant of a singer who sings them from the heart. 'WITH LOVE' has the smack that others lack!"
