In the Hip Hop nation, and in our community in general there is a serious state of emergency, and when faced with emergencies, the worst thing that any group of people can do is to just sit, hope, and pray for things to fix themselves. There must be intelligent, bold, action from those capable and willing to carry the torch of liberation. Holding the torch and preserving the light for future generations is Maj Toure, and this is his message. A long time advocate for, and member of the Hip Hop community, Maj Toure also spreads his message of economic stability, political education, and social awareness on the lecture circuit and other speaking engagements. Without these basic principles, any community can fall victim to the parasitic exploits of outside entities that benefit from our disorganization. Realizing this , Maj Toure has chose to utilize Hip Hop as a form of expression, as well as a tool of mental liberation. Answering the questions that others dare to ask, bringing a very important balance. An example of this balance is the song "Cuz", (Track # 14) that answers the popular song "Why" by Jadakiss. Maj Toure answers every single question that Jadakiss

poses, line for line, giving direction to the confusion that the people desperately need. Solutions for problems, organization to disarray, and leadership for the abandoned. This music is for those elite few who choose to take their destiny into their own hands, those who respect independent thought, and wish to reclaim their rightful thrones. This music is only for those who wish to be... a Solutionary.
