Hard Alternative Rock 14 MP3 Songs ROCK: Hard Rock, ROCK: Grunge Details: Onebigmess's first full-length CD YOU FIGURE IT OUT skillfully blends the explosive rhythms, poignant lyrics, and moody backbeats that make for a truly unique sound. This CD is a 14-track collection of songs overflowing with melodic angst and introspective lyrics that the band created following the success of the bands' first release, the now out-of-print EP 'Almost Gone'. Created of equal parts anger, frustration, and beauty, YOU FIGURE IT OUT features the emotional single 'Nineteen, which is a song about rejection and letting go. The whole band is excited about YOU FIGURE IT OUT, an album which features a wide range of musical styles. From balls-to-the-wall rock ("Plump", "Runt"), to soft verse/heavy chorus bash and pop ("Little Girls", "Blame", and "Runaway"). The album also features bar room blues ("Broken", "Momma's Angel"), epic sagas ("Dementia" and "Branded Inside"), as well as the reggae-influenced "Lemonade" and the emotional, slow grooving "NYC", Onebigmess has created an album that has something for everyone.
