Provocative contemporary Christian music, intimate and upbeat with compelling lyrics. 11 MP3 Songs  
GOSPEL: Contemporary Gospel, POP: with Live-band Production Details: "Simple Life" is an inspired collection of fresh new compositions from Kim Wiseman and Mark A. Johnson. The eleven songs on this CD come from the heart and soul of two extremely talented and devoted Christian musicians. These are true testaments in song, expressing real faith, real belief, and the real hope found in Our Lord and Savior Jesus Christ. I believe that the devotion and conviction in these compositions, the quality of the performances, and the production values delivered on this CD, will stand up with anything out there today in contemporary Christian music.
