Melodic upbeat indie pop rock with a classic sound. 3 MP3 Songs POP: Pop/Rock, POP: Britpop Details: Rainpops are a young new Indie rock/pop band from Senigallia, a small seaside town in Italy. They produce gigantic, warm, uplifting and powerful Indie pop songs that take us back to the good old days of proper brit pop. Rainpops combine a classic 60's sound with Wonderstuff, Teenage Fanclub, Dodgy, Blur esq moments. These 4 likely lads blast out a bright and breezy Indie pop sound that takes a lot from British pop and rock. Their sound is retro but with a modern feel ala Arctic Monkeys, The Fratellis and The Enemy on holiday with The Kaiser Chiefs. The band recently supported Indie legends "The Others" while in Italy and are set to share the stage with them again later in the year so watch this space. Their debut single Too pretty to love will be out on March 31 2008 through Matchbox Recordings. It is a stunning and massive pop gem with a catchy chorus that makes the listener feel happy while bopping along to the high-voltage scuzzy guitars , harsh Klaxons esq bassline and classic organ. People who are interested in The Wonder Stuff The Lemonheads Dodgy should consider this download.
