Unique in the delivery of lyrical style. Can't be compared to anyone out there. The style can be described as powerful and forceful getting the message and point across to the listeners. Many types of music influenced the overall feel of the artist style. 12 MP3 Songs HIP HOP/RAP: Hip Hop, URBAN/R&B: R&B Rap mix Details: Watch your thoughts they become words. Watch your words they become actions. Watch your actions they form habits. Watch your habits they build your character. You character becomes your destiny. I intend to keep it flowing no matter what. Rhyming is my life and I will not stop! Everyday I write and I flow as part of my daily routine. Rhyming is my diary. My style can be soft and pink, or hard and rough depending on the mood I'm in for that day. My lyrics aren't for everyone. I like to push the envelope as much as possible. Love me or Hate me. I grow on you like maggots in the trash. I started out primarily as a Reggae dancehall artist in 1989. As I moved away from The Virgin Islands I experienced different types of music (Alternative, dance, rap, hip-hop, classical) and they contributed to the styles I have today. I perform hip-hop currently with a bit of all the types of music's I learned to love. EXPERIENCE 1989-1997 Professor Dan (Stage name)ST.
