

Mp3 Billy Carri - The Guy In The Glass

A mix of nu breed power pop/hard pop with big catchy chorus and guitar hooks. 12 MP3 Songs POP: Power Pop, POP: Pop/Rock Details: Born in Huntington, West Virginia, Billy was raised around music from the time he was a child. His father was a musician, and in the house he listened to everything from Kiss, Journey, and Elvis, to the Beatles. As time progressed, the pants got tighter, the hair got bigger, and the rock got louder (metaphorically, of course!) and the bands blasting from the stereo included Warrant, Poison, and the other hair bands as well as the pop-rock bands of the era such as Depeche Mode. With such a broad musical taste, it was only natural that before long Billy would play in a band of his own. Now living in Cincinnati, he went through several in high school and thereafter before Cherry Bang formed in 1997. With music based around the rock and glam influences of its members, the band played a fun live show (and were also to blame for the only post-80s increase in the ozone hole due to Aqua Net usage). Cherry Bang released their first CD, Generation SeXXX, independently in 1999. They were signed to Metal Mayhem Records in 2001 and their second CD, Popped!, came out in 2002. In December of 2002, the band went their separate ways. After the breakup, Billy packed up all his belongings into a handkerchief, tied it around a stick, and stood by Interstate 75 with nothing but an empty guitar case and the songs in his head. (Actually he didnt, but wouldnt that make a glamorous story?) Naturally, Billy went on to do what most frontmen/songwriters do start a solo career. "The Guy In The Glass" is his first solo release.
