Details: Tall dark, handsome male vocalist seeks 2 hot singer/songwriter girls to play drums and electric guitar. Also seeks producer/drummer to play bass. No one needs to be very great at their instruments because I sing great and jump around like a mad man. However, it does help that you write me some big catchy power pop/rock songs to sing. Maybe write me some lyrics about sex, drugs and rock n roll. When we play live we should dress up like we are going to a prom, and after the show we should party like it too. We should call ourselves HAVE HER HOME BY TEN.
