Hawaii's Al Jarreau, Borders Kauai favorite artist of the month. Coco flavored soul and R B. Original tunes so smooth they will glide you into rockin paradise. 15 MP3 Songs WORLD: Island, EASY LISTENING: Lounge Details: KROON-THE DEFINITION... Oxford Dictionary defines KROON as Croon/Kroon/v sing, hum or say, in a low, soothing voice-croon'er The Music is a blend of CoCoA flavor Rhythm and Blues, Funk, Pop and Jazzy rockin' Gospel! It can charge your spirit and change The soul! "If the beauty shines in the Music, Bring On MORE!" Island Soul Review "The cool Leslie vibrato of the B-3 Hammond organ styling is pure Jimmy Smith on Surge and Relounge; and the wah-wah work on Lay low Lee, Kroon's tribute to Curtis Mayfield, is uncanny without plagerizing. The sucker shot of down beat opening measures of Surge are classic metal riffs. The muted trumpet on Hula twirl is from the smokey lounge on the corner of Chicago and Mississippi. This is a players album and it has something for every mood and moment. "The Point" has got it all and had IT before Beck could spell "eclectic ". CT KROON-THE ARTIST... On a night in March 1966, under a full moon at Maili POINT, Kroon was given the rare and sacred gift of sighting a Night Rainbow. This rainbow compelled Kroon to pick up his guitar and compose, after a twelve year absence! The sighting transformed him from a successful businessman into composer, lyricist, singer guitarist, arranger and producer. Kroon is a native Hawaiian, and has a wide range of musical styles which are reflected in more than 150 Original songs. KROON- "I personally need to acknowledge all the Hawaiian composers who came before me...my contemporaries who walk with me...and the many future musicians who will create and share their music after me. For it is in and through our music that our history and culture will live on. I humbly and gratefully Love and Respect and Thank you all!" Malama Pono K "If KROON isn't getting play on Local "easy listening" stations, he should be." John Berger, Honolulu Star -Bulletin
