On this enigmatic album, Ohene explores the significance of the number "7." 7 MP3 Songs

HIP-HOP/RAP: Political Rap, URBAN/R&B: Philly Soul Details: The 7th day of the 7th month of the 7th year is upon us! To mark this historic moment, we at RAHM Nation proudly present Ohene's Mysterion 7.

This 7 song \$7 EP chronicles the significance of the number "7" across religion, knowledge, and art.

While the high lyricism and musicality fans of The Rapademics and Inner City Soul have come to expect are still present, we emphasize that this experience is three-fold. This album can only be fully appreciated when the music is enjoyed in conjunction with an analysis of the cover art and a respect for the importance of the day, 07/07/07. The abundant hidden messages are only revealed when all three are in balance. Unapologetically enigmatic, his meanings are not always immediately apparent, but upon paying close attention, the listener will discover nuggets of wisdom Ohene shares. From the esoteric music (including the introspective title track and the controversial Destroy This Temple on which Ohene airs a grievance with hip-hop scholar Michael Eric Dyson as well as today's elite emcees) to the mirror writing incorporated into the cover art, fans of underground hip-hop will enjoy uncovering this EP's hidden messages long after the year of 7 ends.
