

Mp3 Rich Simmons - Flesh, Blood, And Bone

A bunch of stuff that I think up at one time or another. Some of it is true, some of it isn't. You decide which is which. 15 MP3 Songs FOLK: Folk Pop, FOLK: Modern Folk Details: Been writing songs for over twenty years and have gotten some acclaim in the Midwest (that's the place you flyover if you go coast to coast). I'd like to think I've got a unique voice, an uncommon viewpoint. Who knows? It's what I do and I guess I'm not going to change. You decide. I've won a few awards for songwriting, but what does that mean? I've shared the stage with Buddy Mondlock, Jonathan Byrd, Dayna Kurtz, Eva Manek, Mary Alice Wood, the Grace Sisters, and Linda Lange. I also get airplay in several Midwest markets (flyover, remember?) and various internet radio stations. I play acoustic guitar and sing while other cool musicians play stuff to make me sound better. I'm a nice guy and deserve a break but won't move because I like it here. Is that unambitious? I'd really like some famous musician to record my songs so I can stay home and play with my dog and write more songs. If you'd like to encourage my aberrant behavior, you should buy this CD. Repeatedly. If you squint, you can see an image of the Virgin Mary on the cover. Or can you?
