Enigmatic and ecstatic soundtrack for the dying world of ballerium. rock,electronic,classical,psychedelic. 9  
MP3 Songs ELECTRONIC: Virtual Orchestra, ROCK: Psychedelic Details: Uranium's concept was conceived and given birth by Dan Uraniumer (keyboards) and Smite (guitars), which had joined forces in purpose to create a new revolutionary style of music and poetry. After a period of 18 months all of the other players have joined to fill the void. Although uranium's members have lived in Tel Aviv, the musical concept is far more than local in attitude and musical experience .Represented by texts that criticizes every aspect Of human behavior, its dark nature and the common men's state in an unknown and threatening universe. Many of the band songs were influenced by books such as a "brave new world", "1984" and many more... At the end of 2003 Uranium were chosen to write and compose a soundtrack for the revolutionary computer game called Ballerium. After a short period of time, new members joined the band MikeHell (vocals), Ariel (vocals), Nome Farsphere,( bass) and Mike Lynx (drums). At these days, Uranium is working intensively on their debut album (which is title was not pronounced yet), which is still unknown when to be released. in the year 2004 the band had moved to Germany, in order to record their CD demo, and also to perform in front of the audience, which had a very positive response to the new style. Uranium has concluded that they will visit the European crowd once again at up coming months. At the moment, Uranium is preparing for a tour in front of the Israeli audience before returning to Europe
