Black Jag, Book Two Jaguars are hunters, through and through. That lifestyle will be protected at all costs in the Costa Rican rain forest village of Guarida, where Ran VicMoran and his littermates have settled. Ran will hunt and kill as necessary to protect their peaceful way of life. Times are changing though, and danger comes on two feet. Olivia Sancerre has endured her overbearing mother all her life. She won't be the same manipulative woman her mother is. However, each time Olivia runs into Ran, her calm, quiet nature dissolves and she can't seem to stop sparring with him. The more they banter, the hotter she is for the incredibly sexy, commanding jaguar. As danger smells stronger, enemies are right under their noses and life as they know it is about to change, Ran and Olivia begin a torrential love affair. Soon they're not only fighting to remain together, they're also struggling with a new way of life they never saw coming.

Reader Advisory: These jaguars aren't your everyday cuddly tabby cats. The males are wild and feral, the females are strong and won't roll over to have their tummies rubbed. If you want your loving untamed and fierce, then come take a ride on the wild side...if you can stand the heat.
