

Learning To Be Old: Gender, Culture, And Aging - Margaret Cruikshank

[DOWNLOAD HERE](#)

In the second edition of Learning to Be Old, Margaret Cruikshank examines the social construction of aging, especially women's aging, from a number of different angles: medical, economic, cultural, and political. Featuring new research and analysis, expanded sections on gay/lesbian/bisexual/transgender aging and critical gerontology, and an updated chapter on feminist gerontology, the second edition even more thoroughly than the first looks at the variety of different forces affecting the progress of aging. Through it all, we learn a better way to inhabit our age whatever it is. Author: Cruikshank, Margaret
