Native subterranean language majors, painting anguish for the mainstream famous and their advocates over cranium bangin' canvases... 14 MP3 Songs HIP HOP/RAP: Alternative Hip Hop, HIP HOP/RAP: East Coast Details: "I go against the grain and enjoy the pain of the splinters." This line by emcee Normal describes the route that this Boston based trio is traveling. Alongside co-emcee Illbillythekidfrostslickmegawatts JperiodRing and producer Pete Productions, Awkward Landing has dropped their debut EP Principle over Property on the world. And as Ring warns "Better know your way around the underground when the sky is falling." Not inclined to create another looked over, dust collecting demo, the A.L. Think Tank brings together a collection of early demos, freestyles, and recent singles. No nonsense emcees Ring and Normal tackle many topics with distinct perspectives, yet none more than warnings directed at sub par emcees. All of this set over the monstrous, undeniably fresh beats of Pete Productions. A must have for the true school heads. Awkward Landing is making the music they want to hear.
