However, if you are really into Country, Hip-Hop or Easy Listening...it's not too late to turn back now. So I know what you're thinking - How do I take a guy wearing a bunny suit seriously? Exactly. Anywho, probably the easiest way to say what's going on here is to make a track-by-track comparison of some popular artists and similarities therein. 1. For You - The Cure on a bad hair day 2. Stick it to the Man - Elvis Costello meets Bachman-Turner Overdrive 3. Give Me a Call Sometime - Good Charlotte and SR71 combo 4. Hand Me Downs - An attempt at Pseudo-Funk...not to be confused with James Brown 5. SoCal Cretins - The Beatles time warp to modern day Pacific Beach and hang out with the boys from Blink 182 6. Over and Over - Matchbox 20 collaborates with The Psychedelic Furs 7. Here and Now - Guns Roses VS. Hanson in a Steel Cage DeathMatch...I think we all know who wins here but those scrappy Hanson fellows manage to bloody a few noses before going down 8. The Good Girl - The Cult meets Smashmouth 9. Girlfriend - Fairly true to Mathew Sweet's with a little extra stank on it 10. King for a Day - The Ramones wake up one day and feel very enlightened...they enroll in Harvard Cheers.
