

Mp3 Hagit & Gil - Flutes Around The Globe

[DOWNLOAD HERE](#)

A mixture of original and traditional music from around the world played by more than dozen authentic flutes from different cultures combined by ancient and modern unique musical instruments. 11 MP3 Songs WORLD: World Traditions, FOLK: Traditional Folk Details: Hagit Rosmarin flutist Studied music in the prestigious Rimmon School of Music in Israel and at Mannes College of Music in New York City. Perform contemporary and ethnic music as a soloist and as an accompanist in various bands in New York and in Israel and toured Europe. In the USA Hagit performed and recorded with Jazz and Salsa bands, played and composed music for dance theatres and performed premier solo flute compositions at the NY Experimental Intermedia. After finishing her studies and returning to Israel Hagit played few years with the Spanish guitar artist Baldi Olier an in Israeli Irish-Celtic band Black Velvet, with the Kurdish singer Ilana Elia. Accompanied several dance shows in the largest musical halls in Israel and recently composed a musical piece for a choreography for the Austrian dancer Martina Heger. Currently Hagit is accompanying the Israeli Flamenco Dance Company, performing with Gil Bohadana in the show Flutes around the Globe and The Wonderful Story of the Flute - a solo performance for children. Combining music and education, Hagit is teaching the flute as well as conducting amateur ensembles of youth and adults and giving lectures of excursions in world music in several venues. Gil Bohadana A wind instrument player and a landscape designer. Traveled around the world for four years to such places as Australia, Central America and the Far East, collecting flutes and learning indigenous musical traditions. Performed with various bands including a South American musical band duo Canaan playing original and ethnic music. Currently Gil is performing with Hagit in the show Flutes around the Globe and conducting a project called ECO. This is a project that combines music and ecology and is based on the show The Groovy Junkyard, a musical show played on musical instruments made of recycled materials that Gil is

creating. Gil has been conducting workshop of creating such instruments for youth in Israel and England. He is acknowledged by the ministry of environmental protection and was invited to perform in the Kneset (Israeli Parliament). Gil integrates landscaping design with music by designing musical parks that contain unique musical instruments and educational centers. Some of his large Musical instruments are presented in the Science Museum in Haifa.
