Fun, upbeat, Disney kind of feel. 10 MP3 Songs KIDS/FAMILY: Children's Pop, KIDS/FAMILY: Kid Friendly Details: These songs are all Biblically based songs written especially for the preschoolers. 'Just Add Kids' are songs written for kids church and MOPS, (Mother's of Preschoolers). I've directed childrens choirs for nearly 20 years and these songs were born out of seeing what kids wanted to sing and know about life. Pete Jacobs, a master of children's song production, produced this CD and helped co-write some of the songs. He is a talented arranger and keyboard artist and gave this CD a real 'Disney' kind of feel. Each song is a scripture verse and these songs can be heard on Christian Childrens radio stations.
