Related styles: POP: with Electronic Production, ROCK: Post-Rock/Experimental People who are interested in XTC Cluster should consider this download. Details: The Garons Joufflus are back, with a new album : The Fresh Mood Project, part 1 . 16 new tunes of experimental mood music for your mind movies, 16 small instrumental pieces combining obsessive melodies, sound experimentation and complex harmonic textures. In this second album, youll always find these melodic and hypnotic loops but the sound is dirtier and more electronical, compared to the first album (Muzak Meets Pop On Computer, 2007). It could be a kind of digital furniture or furnishing music (musique dameublement digitale) or sometimes a kind of/or something like harmonical noise music (Erik Satie + Luigi Russolo ?). It includes a lot of new audio materials (sounds from the everyday life, voices, noises), sounds from Moog and ARP synthesizer or acoustical instrument (piano, oboe), electronic treatment and sounds
