This was the basis for the creation of Pool Waitress. What you get sounds cold: pure electronics, dispassionate female and male vocals, but yet, it is served on a tray of perculating electro rhythms deviod of techno cliches and with an appeal the masses can enjoy. Pool Waitress has the feel of electroclash, but its an album that won't offend anybody. Emphasis was placed on song writing, not gimmicks. The overall attitude is upbeat and driving.
